INJURIES SLOW STANISLAUS FOR VIGOR GAME TONIGHT

Slowed by injuries, St. Stanislaus plays Vigor tonight at the Stanislaus stadium at 8 p.m. Two boys were hurt when Stanislaus lost to Foley, 12 to 0. Chuck Langley's finger was broken and Frank Constantino's leg was broken right above the ankle. Neither will play for the rest of the season.

The Rocks have lost both games, but Coach Farley Day thinks they will improve as the season goes on.

The Rocks lost the Foley game mainly from fumbles. The ball was fumbled eight times and five times it was recovered by Foley. Two of the fumbles helped Foley to score.

The Rocks were penalized 85 yards during this game. One of these setbacks was a direct cause of Foley's second touchdown.

The Rocks came within scoring range.

Injuries Hurt Bay Hi's Hopes For Opener

A host of injuries may mar Bay High's opening football game this year as the Tigers prepare to meet Our Lady of Victory in Pascagoula tomorrow (Saturday) with four starters out of the lineup.

The O. L. V. Eagles lost their opener last week to Biloxi 33-19. But Coach Bonnie Ray Nobles' players may have a hard time of it with three of his backs on the sidelines.

Bill Corr, left halfback, with a pulled muscle in his leg, Hugo Ayre, fullback, with a bruised elbow, Ronald Landers, right halfback, with an injured nerve, and Donald Cole, center, with a cut over his eye, are the top injuries in the Tigers.

Tommy Holden and Charles Moe will also be held out of action this week from their end positions.

Bay High's probable starting backfield will be Terrell Randolph at quarterback; Henry Monti and D. Landers at the halfback spots; and Hugo Ayre at fullback.

One of the lineup will be ends, Charlie Tartavouille and Clayton Adams; tackles, Larry Smith and Kent Sellier; guards, John Brooks and Ray Smith; center, Frank Wheat.

Although getting a relatively late start with their opening game, Bay High has been bothered by the heat and bad luck in its practice sessions. Nobles has emphasized offense and conditioning. O. L. V. appears to have a weak defensive unit and Nobles' strategy may pay off.

The Tigers will have another away game next week when they meet Pass Christian High for the father's home coming game on Oct. 2 at the Pass High field.

According to Outdoor News of the Mississippi Game and Fish Commission, Eugene Fly, Director of the Game and Fish Commission urges hunters who kill banded doves to send the band to the address inscribed on it.

"Information on the band will be used by biologists in determining the migratory routes of the doves, about which little is known," Fly said.

Trapping records of the Game and Fish Commission indicate good dove concentrations throughout the state. Only one definite case of trichomoniasis has been reported in Mississippi during the last six months.

Open season dates are Sept. 15 through September 29, and December 27, 1953 through January 10, 1954. Hours are from 12 o'clock noon until sunset and the daily limit is 8 birds.

Ted Reboul, who says he has been really busy of late, states that there are plenty of green trout in Jordan River just now and that they are hitting artificial baits. Ted ought to know for he lives on the river and spends his spare time after them.

George Heitzmann and George Anderson were seen up Jordan river Sunday. They caught a few according to their story.

Since J. C. Baxter has his new boat it is hard to keep him home. J. C. has been making some swell catches of large speckles.

"Noonie" Tudury was showing a nice catch of large speckles Sunday which he caught on the R. R. bridge with cut bait. Noonie predicts some good fishing up Jordan river as soon as cooler weather sets in. He had a right to be proud of his catch.

The threesome if C. C. McDon-

ald, Eddie Heath and Walter James Phillips report a nice catch of bass Saturday. They landed a couple of the showing off kind.

Bert Stewart of New Orleans recently motored over to the Bay and returned with some large speckles. Bert gets over at the least provocation.

Teddy Stinchman used a fly rod for the first time Sunday while fishing with friends. Teddy landed three nice bass and says he is ruined. All he needs now is the time to go.

Theo Tudury, Sr., has been after the speckles lately but says he can't connect just right. Theo is a good caster and gets his share.

In a party last week end were Dr. Brunfield, of McComb; Mr. and Mrs. A. C. Mitchell, Mr. and Mrs. Sheldon Rice, Joe Kern and

Janelle Mitchell. They report having a wonderful time and catching a bunch of various kinds of fish. "Mitch" our Clerk of Courts landed a 8 pound red fish. Good going Mitch!

Regarding dove hunting during the split season, sportsmen report poor hunting, a few birds and plenty of hot weather. It comes from good authority that one hunter in a party was seen in the field in his shirt and nylon shorts only—what's this hunting coming to?

Colsin's Seafood and Tackle store on Highway 90 was open Saturday morning at 5 a. m.—something new in the Bay and an added help to early fishermen. Bait, live and otherwise are usually on hand. Thanks J. V.

Let's Find Out!

A lot of folks read mystery stories for amusement. But there's nothing amusing about the mystery created by the Hancock County Grand Jury last weekend.

A legislative investigating committee heard some strong implications about one of our county supervisors. The district attorney sat in on the hearing, and then presented the testimony to the Grand Jury.

But suddenly, in the midst of the Grand Jury's investigation, a slim 10 to 9 majority voted to adjourn. That's a strange thing. The job of a Grand Jury is to either indict or clear. It's a yes or no proposition - and not a "let's go fishing" proposition. If there's not enough evidence to support the charges against this man - or any man - then his name should be cleared.

And if there is enough evidence, he should be indicted. No man is above the law. A person in public office carries more responsibility than the average man - not less. The public official spends other people's money. And, in these parts especially, that money isn't easy to get. Tax dollars are hard-work dollars.

Nothing can be done about this mystery for the time being. The legislature may expand its investigation of this county, and, the Sea Coast Echo has learned, it probably will do so.

But come next March, there'll be a Grand Jury again. And this Grand Jury should re-open the investigation. It should decide whether Joseph Jones has done wrong, and, by a true bill or a no true bill, it should give the county its opinion.

Actually, there have been no specific charges made against Mr. Jones in public. It's all innuendo. But the innuendo is strong enough to bear investigation. And a vote to adjourn is no way to investigate anything.

Thank You

Last week the Echo found itself in trouble. And last week the Echo found what an amiable bunch of people live on the Gulf Coast.

With only one day left in which to print the special Dollar Day edition, the motor driving our press here was found incapable of performing its task. The discovery was made late at night, and the only answer was to get on the phone and start asking for help.

Plenty of help came in, and came in fast. Those unable to give aid direct offered ideas and names of people who might be able to help.

No one seemed to mind getting out of bed to answer the phone. The eagerness with which people bothered themselves for the Echo was stimulating. We went into approximately six towns to get help, advice or other names to call.

It was two o'clock in the morning before we were satisfied with a motor. It took the help and ideas of a man in Clermont Harbor, another from Pass Christian and about 50 from Bay St. Louis to get it running. But it started running.

We couldn't begin to thank all the people who helped us. We know that doesn't lessen our gratefulness. The hour didn't matter. The connection with the paper didn't matter. What only mattered was that the Echo was in trouble.

The response was terrific.

GULFPORT

SOUTHERN BELL

Keeping pace with Mississippi's growing prosperity is a . . .

TALL ORDER

MISSISSIPPI has grown fast during the past 7½ years, economically, industrially and agriculturally—and with this growth has come an unprecedented demand for telephone service.

Of the many thousands of applications for telephones received by Southern Bell since January 1, 1945, most have been filled. Mississippians now have over a quarter of a million telephones—more than double the number in service in the State in 1945.

This expansion and improvement has made telephone service more valuable. You can call more people and more can call you—yet the cost of service has advanced less than most things you buy.

Since 1945 we have constructed 13 new central offices and 45 buildings; installed huge quantities of cable, poles and other equipment and increased the number of employees by 44%. Serving Mississippi's telephone needs is a tall order—but one we are proud to fill.

COASTING

By ANNE ORLEANS

To Colonel and Mrs. Marcel Gillis, the end of summer means a lull in the tide of family and other guests that come and go in this hospital home. Their daughter Martha, and her husband Henry Restarick and their children, Henry Jr., David and Martha Caffery Restarick, spent the greater part of the summer at the Gillis home on South Beach. The restaricks lived in Honolulu since their marriage but about two years ago returned to the states and now make their home in Toledo, O.

A recent guest at the Gillis home was Jane Mortimer, one of Colonel Gillis' nieces.

Colonel Charles Caffery, U. S. A., retired, of St. Petersburg, Fla., will be with the Gillis's for a visit during the coming week. He is always one of their special guests because when they were married in Paris, Colonel Caffery gave the bride away.

Nearly all New Orleansians come over to the Coast on weekends. Now, Mr. Otto does it differently, he goes to New Orleans for the weekends and comes back to his pretty little home in Waveland during the rest of the week. Next Spring, be sure to see his beautiful hydrangeas, not only in the usual pink and blue blooms but also in a beautiful shade of deep purple.

Ed and Louise Lasker fly from New Orleans to New York this coming week to see the World Series. The Yanks and the Dodgers AGAIN. This is an annual event for the Laskers. During their three weeks in New York, they expect to see all the new shows and many other things of interest to frequent visitors to that wonderful city.

Mr. and Mrs. J. F. Carbonnet, formerly of New Orleans, are at their home in Lakeshore for an indefinite stay as Mr. Carbonnet is on sick leave from his duties as General Manager of the Banco Atlantida in La Ceiba, Republic of Honduras.

Ther son Jean F. Carbonnet, Jr., after a very pleasant visit with his mother and father has returned to his post at the Aberdeen Proving Grounds in Maryland.

Mr. and Mrs. Carbonnet's daughter, Mrs. George A. Colton, Jr., and son George III, were with them during the summer and still come over for frequent visits.

Dashing over to Mobile for the L. S. U.-Alabama game this weekend are Turk and Mable Carter and Tony and Lula Spence.

Recent visitors to the Carter home were Mrs. J. A. Evans and Miss Edith Collins, both of New Orleans.

To the great delight of her many friends, Mrs. Ed Carrere, who had been in Hotel Dieu in New Orleans for several weeks, has returned home and is feeling fine once more.

Working hard, putting up bird houses for the Ben Moises, were their week-end guests, Lionel and Audrey Moise.

The Ken Buddendorfs who come over nearly every weekend, were keeping open house this past week. With one son in Korea, one studying for the priesthood in Spring Hill, Alabama, and their daughter busy in New Orleans, they do not see much of their immediate family, but nieces and nephews and grand nieces and nephews keep them very busy.

Joseph Creel Aboard Submarine For Navy Day

Among the crewmembers of the submarine USS Dace, which recently became the first U. S. minisubmarine to participate in Canadian Navy Day celebrations at Halifax, Nova Scotia, was Navy Ensign Joseph D. Creel, son of Mrs. George A. Creel of Main St. and husband of the former Miss Joyce E. Roberts, all of Bay St. Louis.

Thousands of spectators lined the harbor at Halifax. The sounds of gunfire, the roar of low flying planes and the sight of weapons gave a war-like atmosphere to the celebration.

The Dace after diving, ran a half mile at periscope depth and battle surfaced close to the bow of the HMCS Algonquin who took the Dace "under fire." During the submerged run the submarine was also a target for RCAF fighter planes which made strafing runs on her periscope.

Geologists often detect oil or natural gas by smelling or tasting "cores" taken from a drilling well.

Eight Dry Holes ...ONE PRODUCER

The odds against success are long ... but it's a risk that must be taken if you are to have adequate, dependable supplies of natural gas.

That's right. Few other businesses in the world face the continuous hazards of failure that confront the companies engaged in exploration for oil and natural gas. On the basis of national averages last year, for every producing well discovered in a "wildcat" area, eight holes were dry.

It costs big money to locate new supplies of natural gas—and big money to move it to market. But the members of the gas industry "team"—producers, pipeline and distributors—will continue to discover new reserves of this premium fuel ... will continue to build pipe lines and distribution systems to bring it to your home or factory ... as long as it sells at prices that provide a fair return on the enormous investments required.

Here in the Gulf South, natural gas service costs you about the same as it did 20 years ago. We think you'll agree it's worth every cent you pay for it—and then some!

Hazel and Emmett Demoran wrote the Echo yesterday from New York where they are enjoying a ten-day vacation, awarded in a two-state Bendix appliance contest. Staying at the New Yorker hotel, they like sleeping on the 24th floor, they report.

Approximately 25 dollars was added to the Bay-Waveland Yacht Club improvement fund as a result of last Friday's Shrimp Boil sponsored by the Yacht Club auxiliary, said Mrs. Charles Lozano, president of the group.
